OUR CLASSIC
NOW AVAILABLE IN NATURAL

Large Natural Stepped Pyramid

Alder oiled, frame L = 44,5 cm,
100 blocks, 4 - 20 x 4 cm

42091

Reduced in colour to the natural hues of beautiful alder wood and geometric in shape, our new step pyramid clearly directs the focus on free construction and building and complements wonderfully our GRIMM'S world with its iconic design.

The Large Stepped Pyramid is already a very special eye-catching toy. With 100 building blocks in varying lengths from 4 to 20 centimeters, it offers the potential for creating very diverse structures.

Create versatile and imaginative buildings by combining different colour worlds and shapes with our:

- Geometric building sets
- Organic building sets
- Architectural building sets
- Mandala building set

100 BUILDING BLOCKS -
1000 POSSIBILITIES

*It doesn't take much for imagination
to take flight ...*

*A small house from which you can
build whatever you imagine, wooden
figures that laugh or cry and go
through highs and lows together,
balancing, celebrating, hiding and
always having new adventures.*

*Our new products this year are starter
sets for free play, deliberately
emphasizing the naturalness of the
material with their organic shapes
reminiscent of elements from nature.*

Get inspired.
Create your own story.
And share the inspiration.
